

**'Prolock' Padlocks**

Prolock padlocks offer the same coding system as Prosafe interlock systems and can be integrated into an interlocking sequence. Manufactured from stainless steel and available with customised tagging & labelling. Replaceable and easy to clean code barrels. All key code options can be supplied upon request.

Material: Stainless steel  
Shackle diameter: 7mm

Please order keys separately. See page ???  
Extended shackle padlocks are available.

Stock No.	Manf Ref'	Type	Unit Price		
			1-4	5-9	10-24

**Lockout Hasps**

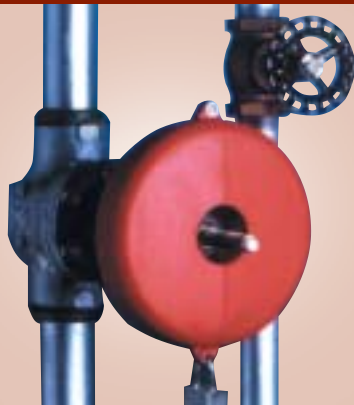

Simple to use lockout hasp allowing multiple key lockout of a single energy source (electrical switchgear, gate valves etc). Manufactured from high tensile steel and plated to resist chemicals and rust. Padlock section covered in thick vinyl to resist wear. Each lockout accepts up to 6 padlocks with up to 9.5mm diameter shackles. Can be used with Prolock padlocks to integrate into a complete interlock system.

Jaw diameter: 25mm (38mm available)  
Material: High tensile steel

**Gate Valve Lockouts**

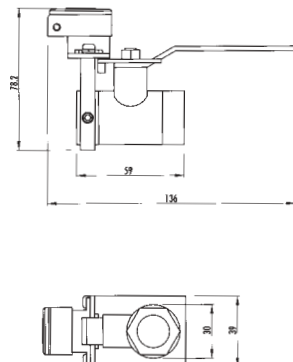

A gate valve lockout ideal for locking out small valves where non sequential control is required. Manufactured from durable polypropylene, which is resistant to chemicals, heat & cold. Features stainless steel hinge for strength & security and designed to accept all locks with up to 9.5mm shackles. Can be used with Prolock padlocks to integrate into a complete interlock system.

Material: Polypropylene  
Gate valve size: 25mm to 64mm  
Can be supplied in sizes from 25mm to 320cm.

**Miniature Valve Lock**

A miniature valve lock used for interlocking small 90° operated valves. Supplied with a BSP valve although valves up to 2" are available. Locked open and locked closed options are available. Featuring all stainless steel interlocking and coded parts, including coded barrel & internal components. Available in six different key code options A to F. Other key code options can be supplied upon request.

Material: Stainless steel  
Dust cap: Stainless steel, weather proof  
Valve status: Locked closed  
Please order keys separately.
